Happy Cinco De Mayo!

Good bye, eggs. Hello fresh gardens and sunshine!

TIP OF THE MONTH

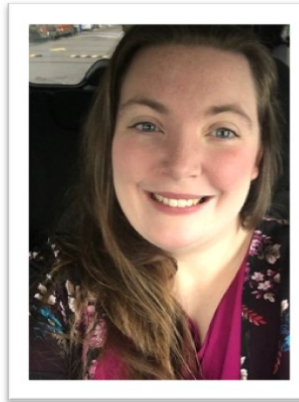

The new portal has a function for DSPs to see remaining hours for the month on a bar after they clock out. Yes, in real time!

Last Month:

We had a blast with the Egg hunt event!

Coming up This Month:

- We will mail out little postcard kits for our clients to decorate for moms or someone special!
- Adam is making home visits to go over the new DSPC In the Home Binder. Look for his call.

Meet Kaity:

Majority of my previous experience is as a pharmacy technician, which I have done for the past 9 years focusing primarily in oncology and various in-patient treatments. I have a passion to help in any way that I can and to cultivate positive relationships with all that I meet. Outside of work, I am a mom to 3 amazing girls and a fur baby named Bear. We spend most of our free time riding our quads, fishing, cooking, or tinkering in the garage.
